

The Scottish Festival of Film and Learning

Saturday 3rd October 2015

The aim of the festival is to demonstrate the benefits of using film, animation and still image in English lessons to enhance existing practice and improve the learning experiences of pupils.

The festival will be held at The University of Strathclyde and will be attended by 150+ delegates from a range of educational institutions across Scotland.

We aim to deliver a free conference for delegates and to make this happen we are looking for a range of sponsors to cover the costs of the event.

Please see page 2 for sponsorship opportunities.
