Vacancy: Lead Graphic Designer

Overview

We would like to appoint a talented Graphic Designer to instantly join our Lancashire-based education resource company in order to lead on a range of creative projects across our products.

What you'll do

You will work with our management team to develop a strong brand identity and collaborate with our content creators to develop resources which are visually appealing to our target audience of teachers and primary-aged pupils. There will also be further opportunity for developing promotional materials in both digital and print form.

The role is based in our Summerseat office in order for you to regularly collaborate with our content creators, but the position also allows for working from home on a flexible basis.

Responsibilities

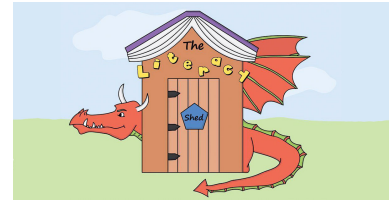

Requirements

- Well-versed in InDesign and other Adobe Creative tools.
- Ability to create original illustrations where necessary.
- A strong eye for design and aesthetics.
- A great creative thinker.
- The ability to work independently and manage deadlines.
- Confidence in working in a fast-paced environment.
- Excellent communication skills.
- Accurate copywriting skills.

Desirable

- HTML and CSS skills.
- Knowledge of educational resources and common practice.
- Experience of animation.
- Some knowledge of tools such Google Analysis and Mail Chimp.
